# Woody the Horse

Theragem Crystal light therapy is used for many conditions as most of you know. This includes animals and for a change we'd like to share the story of Woody, a 4 year old male horse, escaped from a field by going under a wire fence causing damage to the super ligament down his neck and top of his back. He was in a lot of pain and his owner, as a horse whisperer was unable to ride him costing her quite a bit on rent, riding, and doctors fees.

To support the healing process with massages, ointments, steroids and multiple ultra sounds, she called in on our UK Theragem team for a series of Theragem Crystal light therapy, Woody received in total four sessions over five weeks with Ayurvedic Sapphires - balancing frequency over his forehead, including flower of life in sterling silver. At the same time over the place of injury

with Emerald gem cup - calming frequency. This process put him in a calm state and his agony eased to the point where the inflicted area can be touched again. Especially after the second session it became clear that the owner was holding on to a grudge towards the horse, due to costs and her plans for expansion put on hold. Woody was visibly upset and almost asked for forgiveness, which when addressed, resulted in a beautiful enlightening scene where horse and owner reconciled. It was after this that full recovery could start. Since Theragem light therapy treatment the lump on Woody's back has gone down. He is no longer traumatized, the lump is touchable without him flinching. They are so much happier now riding can start again. For those interested a case study is ready for review, just send us an email request.

## Theragem's Star Pendant New!

As all of you who know Medica Health, it is our pride and joy to only offer bespoke high-quality products with a non-invasive, harmonizing wellness effect on the physical, emotional mental and spiritual levels. Introducing here, handcrafted Theragem Star Pendants that contain living crystal elements, exotic minerals and healing stones from 5 different continents. The stones are hand blended to create natural scalar waves and earth energy, which helps address weaknesses, discomfort and lack of balance. Grounding and harmonizing the

body against invisible electrical fields, microwave radiation and harmful frequencies as a fresh daily Theragem session, this pendant will help you extend that feeling of wow! Waterproof and sealed with quantum technology, what a gift for a joyful lifetime of grounding and happiness! Watch our special offer in your email box or order now from [Medica's Wellness shop](#) via Paypal.

'Having worn the pendant for a few days I feel calmer and much more relaxed, and sleeping better day.' SH- UK

## A Word from Catharina

### Awareness Days:

#### July 2017

29 NSPCC Messathon  
30 Gastroschisis Awareness

#### August 2017

19 World Humanitarian Day

#### September 2017

1 Prostrate cancer  
Childhood cancer  
Blood cancer  
Vascular disease  
Urology awareness  
10 World Suicide Prevention day  
15 World Lymphoma  
17 Eczema  
18 Mitochondrial disease  
21 World Alzheimer Day

Summer has reached this part of the hemisphere, half the year already has passed us by so quickly. Soon we will be ready to launch a new product, we cannot wait to share it with you in the next edition!

If anything that has become clear to me on my recent travels which have been unpredictable but vibrant, it seems we are getting feet on the ground in the integrative healthcare. People are standing up for their rights realizing and becoming more aware of the pitfalls that keeps us locked in a status quo of perpetual medication. One thing that became very apparent is that whatever you have been diagnosed with, to get yourself that second opinion. Doctors are good willing but it's the

labs reporting and even if the condition has improved to the eye, if the lab report concludes otherwise you will be cut in, unnecessarily! Medication or clarity & awareness, is no longer a question!

August will offer us an opportunity of joining forces on the 21st August with a total sun eclipse over the USA. It will be perfect opportunity to dedicate loyalty and love, joining with hundreds of thousands who are coming loyally together, to seal the process of the heart raising the crystal tone of cooperation guided by the power of Spirit. If you feel attracted, have a map ready focusing your Theragem with a Sapphire or Abundant Pathways gemcup over the US to strengthen this vibrational awareness upwards. Enjoy your summer!

## Theragem's Crystal News Bowl

### Latest news Theragem Crystal Light Technology has reached Vietnam!

With heartfelt thanks to our respected therapists who took the

long flight to be at the ICNM London, our joining picture reached the Vietnamese paper! Anybody reading Vietnamese let us know, translation would be lovely.

**Fast Track training** All of you who would love to do our trainings we have lined up several in the UK, Germany and USA in the latter part of the year. We are kicking

of the season 8, 9 and 10 September with a Fast Track Theragem training in Liverpool at The Secret Warehouse! This vibrant location in the famous Docks teaches the law of Attraction to young people in their own companies, something to be discovered to appreciate its value. In short a fabulous location for a three day training where you will be taught the ingredients of Theragem therapy in all its simplicity. [Book here](#) your place or [email us for more information](#).

## DAA Dementia Action Alliance

The Dementia Action Alliance with over 150 national organisations across England who connect, sharing best practice taking action on raising awareness on dementia. Everything they do is in partnership, and informed by people living with dementia, and those that care for them.

On Friday 16th June we were invited to a Dementia Hub where we explained the benefits of the Theragem Treatment to Dementia patients and their carers. We also offered training to all staff and members who could possibly extend that training to other areas of the community.

Our highlight of the day was when one of the caretakers shared her patients experience on a Theragem session of last year as something that they still remembered as the year passed(!): 'It was that bright light that made me feel good and helped me to remember me as my old self.'
