

1) First Treatment Monday 4/6/15

2) April 6, 2015. Wound is healing and smaller than it was yesterday.

3) "Dr L. is thrilled with the progress and he says part of this is already healed and the healing process is faster with Theragem he was thrilled when he saw it this morning Monday April 6th. Healing is way ahead of schedule. According to the Doc. I'm happy for me and Theragem."

4) April 8, 2015 wound is healing and is smaller today than it was yesterday.

5) Prior to next treatment

6) Amazing. I'm so proud. Treatment 8.

7) "Today was my eleventh treatment using Theragem. Emerald 100% calming 40min. This ulcer started 2cm and is now 1cm. I think this is fantastic."
