

New Gemcup Introduction
Special Edition
G1049 - Pure Water Gemcup

INTRODUCING THE PURE WATER GEMCUP

The latest addition to our Gemcup collection is the Pure Water Gemcup, a remarkable innovation designed to purify and enhance the quality of water.

Our specially crafted blend of gems and crystals works to remove toxins, promoting the activation, stimulation, and revitalization of your life force energy. The pure crystalline structure of our bodies thrives on replenishment, and Theragem's advanced technology and Gemcups were specifically created to support this need.

With a thoughtfully selected mix of precious gems, crystals, and crystalline elements, this Gemcup takes you further on your journey toward wellness and vitality.

ENHANCING YOUR WATER

The Pure Water Gemcup combines gems, crystals, and minerals fused with frequency, color, and precious metals to detoxify and elevate the quality of your water, whether it's from the tap or pre-filtered. Inspired by our renowned Ayurvedic Sapphire Gemcup—featuring the silver Flower of Life symbol that once transformed our office tap water into something extraordinary—this Gemcup takes water enhancement to the next level.

As demonstrated by Masaru Emoto's research, water has a form of consciousness, responding to thoughts, words, and intentions. Similarly, our findings show that Theragem technology enhances water to its purest and most vibrant state.

A FUN TEST FOR HOME AND OFFICE

Tests have repeatedly shown that water treated with Theragem can reach up to 65,000 Bovis units in independent studies. You can try it yourself!

1. Prepare three glasses of water:
 - Glass 1: Tap water
 - Glass 2: Filtered tap water
 - Glass 3: Filtered, vortexed tap water

2. Use the Pure Water Gemcup to encode glasses 2 and 3 on a balancing frequency for 10 minutes.

3. Have several people taste the water from each glass. The difference in the "alive" water (treated) and "dead" tap water will surprise you!

FROM TOXINS TO VITALITY

The unique blend of gems in the Pure Water Gemcup works synergistically with Theragem technology to break down toxins, transforming water into a source of crisp, fresh mountain-quality hydration. The treated water moves cohesively, with a rich, clean consistency that enhances taste, quality, and benefits for your body.

BEYOND WATER: VERSATILITY FOR OTHER LIQUIDS

The Pure Water Gemcup isn't just for water - it can also detoxify and enhance oils. Encoding oils with this Gemcup improves their purity, intensifies their scent, and boosts their potency, making them ideal for external use.

Experience the transformation for yourself and elevate your hydration and wellness with the Pure Water Gemcup!

Pure Water Gemcup

USER SUGGESTIONS AND PROTOCOLS

PREPARING THE WATER

Start by placing a clear glass of water on a stable surface.

SETTING UP THE THERAGEM DEVICE

- Insert the Pure Water Gemcup into your Theragem device.
- Select the *Balancing* frequency at 100% intensity.
- Set the run time to 10 minutes.
- Position the Theragem device with the Gemcup directly over the glass of water and press the 'Start' button.

ADJUSTING TREATMENT TIME

Depending on the level of toxins in your water supply, you may adjust the treatment duration. While 10 minutes at 100% intensity is ideal for most cases, you can extend or shorten the session as needed.

OBSERVING RESULTS

After treatment, look for visual changes in the water. Properly encoded water often has an oily, cohesive appearance. Test this by gently swirling the glass; you should notice water droplets merging seamlessly on the glass surface.

ADDITIONAL USES

- Since water retains memory, you can encode a larger bottle of water using the same protocol. Use this encoded water for a refreshing, purifying bath.
- For a relaxing bath, set the Theragem device to the *Balancing* frequency at 100% intensity for 20 minutes, and then pour the encoded water into your bath.
- For an energizing boost, choose the *Stimulating* frequency instead and enjoy the revitalizing effects during a busy day!
- Use with Multifrequency Generator on Electrolyte protocol (12-minutes) for another boost. Electrolytes are needed for the most elementary of physiological functions and so easy to add!

Experience the transformative power of the Pure Water Gemcup and enjoy its benefits for hydration, relaxation, and energy enhancement.

THERAGEM GEMCUPS: HARNESSING THE POWER OF CRYSTALS

With a collection of over 50 uniquely crafted Gemcups, each new addition is a source of immense gratitude and wonder. These Gemcups bring their own magical energy into our three-dimensional world, radiating unique abilities and characteristics. Designed to reach their highest potential, they aim to support and uplift all beings, regardless of age, status, or condition.

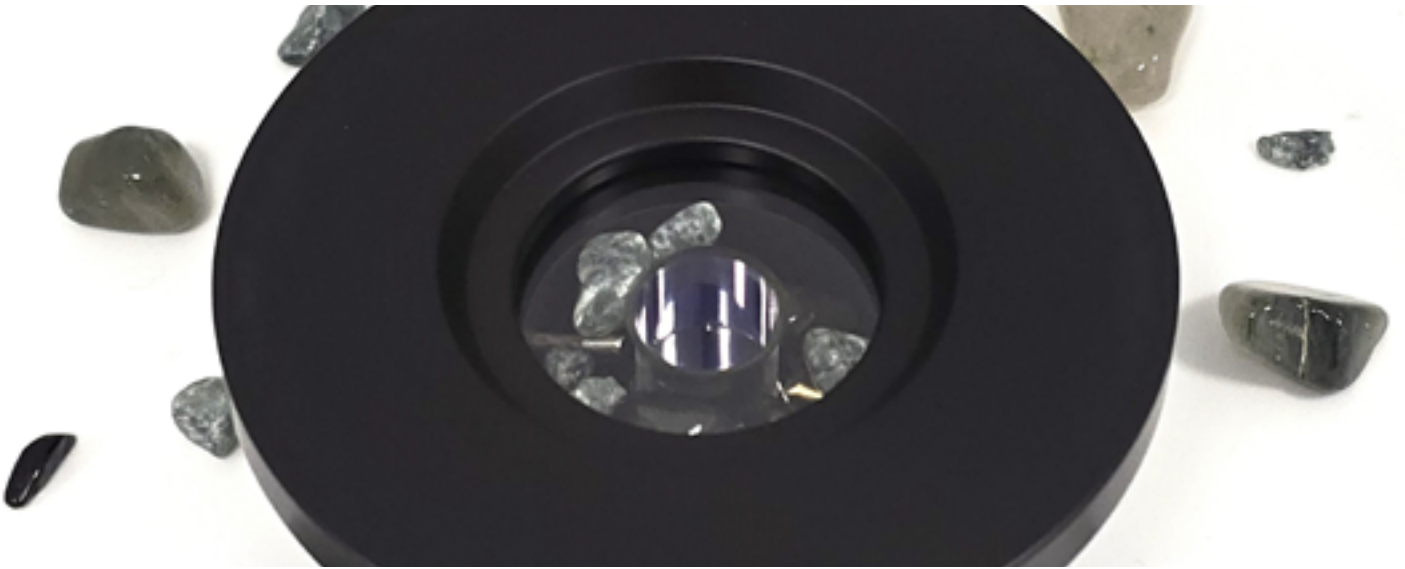

The pure, clean, and vibrant energy of Theragem Gemcups creates noticeable changes for recipients, opening pathways to fresh insights and deeper understandings of what is possible within their personal space. Each Gemcup is crafted to cleanse, resolve, and enhance the realization of the full potential of the Self—on physical, emotional, mental, and spiritual levels.

GLOBAL IMPACT AND TRANSFORMATIVE FEEDBACK

The results and feedback we receive are nothing short of inspiring, highlighting not just the utility but also the necessity of these gemstone blends in integrative and complementary practices worldwide. Therapists using these Gemcups report confidently unlocking deeper layers within their clients, facilitating profound healing that fosters a lasting sense of wellness, belonging, and inner peace.

WELCOME TO THE ERA OF CRYSTALLINE EVOLUTION

Theragem Gemcups invite you to embark on a journey of transformation, helping you and those around you achieve balance, harmony, and the realization of true potential.

TESTIMONIALS:

Our family currently use a Water Filter system to clear out the impurities of the tap water in our area and always thought this filtered water tasted much better than the normal tap water, which had a chemical smell and taste to it.

After using the Pure Water Gemcup on our already filtered water, it was taken to another level. There was no smell to the water at all, and it had a much crisper taste, whilst also feeling colder than when straight from the filter. We are amazed that already filtered water could be improved this much, let alone the difference the Pure Water Gemcup would make to standard tap water.

We would definitely recommend you try this for yourselves. ES – UK
